Mission

The mission of the Stanton Community Schools' Mentoring Assistance Protocol is to help new teachers to the district improve their practice, learn professional responsibilities and ultimately improve student learning. The program promotes professional growth in an atmosphere that is collegial and non-judgmental.

Goals

The Mentoring Assistance Protocol is designed to pair a master teacher with a first-year teacher new to the district. The master, or mentor teacher, will guide the beginning teacher through his/her important first year of teaching.

The Mentor Assistance Protocol has the following goals:

- To provide new teachers with support, encouragement, and guidance from their mentors, other colleagues, principals, and superintendent
- To enhance mentees' and mentors' professional skills through peer coaching, self-reflection and professional development
- To review the Professional Standards for Teachers to ensure that the beginning teacher fully understands the professional knowledge and skills required of all teachers
- To provide an Orientation Day prior to the beginning of school
- To familiarize new teachers with curricula, materials and professional development opportunities
- To ensure confidentiality between mentor and mentee
- To provide opportunities for new teachers to observe other excellent teachers in the district
- To retain skilled, committed teachers who are dedicated to providing high quality instruction

Professional Mentoring Standards

<p>Engages, supports, and advances the professional learning of each teacher</p> <ul style="list-style-type: none"> • Uses reflective conversation skills to engage Participating Teachers in collaborative problem solving, and reflective thinking to promote self-directed learning. • Uses a variety of strategies and resources, including technology, to respond to Participating Teacher's professional needs and to the leaning needs of all students. • Uses data to engage Participating Teachers in examining and improving practice. • Facilitates learning experiences that promote collaborative inquiry, analysis and reflection on practice. 	<p>Designs and facilitates professional development for teachers</p> <ul style="list-style-type: none"> • Builds on and values prior knowledge, background, interests, experiences and needs of Participating Teachers. • Designs professional development to promote understanding and application of Program Standards. • Creates an effective environment for professional learning. • Uses a variety of research-based instructional strategies to differentiate professional development for Participating Teachers.
<p>Creates and maintains collaborative school and professional partnerships (for professional growth)</p> <ul style="list-style-type: none"> • Creates an environment for trust, caring and honesty with all Participating Teachers to establish and maintain strong relationships and promote professional growth. • Uses coaching and collaboration time effectively, implementing procedures and routines that support Participating Teachers' learning. • Understands each Participating Teacher's school and community and builds relationships with school and community members to foster Participating Teachers' success and student achievement. • Promotes development of Participating Teachers' professional responsibility and collaboration with families and broader school community. 	<p>Utilizes assessments to promote teacher learning and development</p> <ul style="list-style-type: none"> • Plans and organizes for implementation of formative assessments to advanced classroom practice. • Uses results of formative assessments to guide mentoring. • Develops Participating Teacher's abilities to self-assess practice based on evidence, to set professional goals, and to monitor progress.
<p>Utilizes knowledge of pedagogy, content, and standards to advance teacher and student development</p> <ul style="list-style-type: none"> • Utilizes knowledge of pedagogy and instructional strategies to advance teacher and student development. • Utilizes knowledge of content standards to advance teacher and student development. • Uses knowledge of professional teaching standards to advance teacher and student development • Uses knowledge of equity principles to deepen Participating Teachers' application of standards. 	<p>Develops as a professional leader to advance induction and school improvement</p> <ul style="list-style-type: none"> • Establishes professional goals and pursues opportunities to grow professionally. • Works with colleagues, administrators and school communities to advance the teaching profession. • Reflects on mentoring practice and program.
